Mr. W. L. Woolf,

Roosevelt, Utah.

RE: DISTRICT ENGINEERS;

Dear Sir:

Enclosed herewith is letter from the Bown Livestock Co. explaining the rights which they claim on Hill Creek, also an abstract of title on Hill Creek.

I would suggest that you may be able to arrange matters between these parties so that they can agree on their own distribution without the appointment of a water commissioner. If you can make such arrangement, it would be highly desirable. I surmise that the chief difficulty arises from the fact that they do not know the relative priorities of their rights and when they understand what these priorities may be and the law regarding the same, they may be able to agree among themselves.

Very truly yours,

LLOYD GARRISON
State Engineer
